**EIGHT OR TEN LIVES
LOST IN FIRE**

Insane Asylum in Canada Destroyed
and Some Desperate Male Pa-
tients Perished in Flames.

[By Associated Press.]

Hamilton, Ont., August 1.—At least eight and possibly ten lives were lost in a fire which partly destroyed one main building of the insane asylum situated on the side of a mountain near here early today. Eight hundred patients were in the building. Coolness and bravery of the attendants averted the threatened frightful loss of life.

The three hundred and fifty women patients were removed without difficulty, but some of the most desperate cases were in the men's ward where the losses of life occurred.

**VOTE ON FARMERS'
FREE LIST BILL TODAY**

[By Associated Press.]

Washington, Aug. 1.—The farmers' free list bill, the second of the big tariff revision measures that followed the Canadian reciprocity measure over from the house, is set for a vote without further debate in the senate today. It places on the free list agricultural implements, cotton bagging, cotton ties, cereals, flour, salt, wire fence, and many other articles. The house passed it by a vote of 236 to 109.

Washington, Aug. 1.—The house members' free list bill was defeated by senate by a tie vote, 39 to 39. The senate immediately reconsidered this bill and Senator Kern, of Indiana, introduced a compromise free list bill. The senate then passed the compromise free list bill by a vote of 48 to 20. The compromise bill takes meats off free list except when coming from countries that admit American cotton and certain other products duty free.

TERRIFIC STORM AT ABILENE

Wind, Hail and Rain Brought Con-
sternation and Heavy Loss to
Terrified People—One
Man Killed.

[By Associated Press.]

Abilene, Texas, Aug. 1.—A daylight survey of last night's wind, hail and rainstorm reduces the loss of life to one and fixed the property damage at about \$100,000. It is believed that the storm was local, but the wires are down, making reports from the country slow to come in. A man named Milner lost his life in a falling barn. The rainfall was 3.4 inches. Hail fell in an hour to a depth of six inches. The wind at times attained a velocity of sixty miles an hour.

Many stocks of merchandise were soaked when the hailstones broke the windows and the water flooded in.

The damage here at noon is estimated at \$200,000. The storm was local, the balance of the county escaping serious damage. Vernon Milner is the correct name of the dead man.

The Cunningham home on Lytle lake was carried fifty yards and dropped in the water. Mr. Cunningham, who was alone in the house, swam ashore half dead.

IN SCURRY COUNTY.

[By Associated Press.]

Snyder, Texas, Aug. 1.—Houses were wrecked by a storm last night at Harmleigh, Wastella and Roscoe, in the southeastern part of Scurry county. Cotton was damaged by hail. No loss of life is reported.

AT HAMLIN TOO.

[By Associated Press.]

Hamlin, Texas, Aug. 1.—Numerous houses were blown off the blocks here yesterday. The Presbyterian church is damaged badly. W. W. Johnson, cashier of the Continental State Bank, while standing inside the postoffice, was struck and painfully cut by fragments of plate glass. The total damage here is not excessive. No hail is reported.

UPRISING IN CUBA

[By Associated Press.]

Havana, Aug. 1.—An apparently serious uprising against the government occurred last night at Regla, across Havana harbor, when Gen. A. Cevendo took the field with about two hundred followers. Rurales were sent after him.

Need 75,000 Men to Harvest Wheat.

Winnipeg, Manitoba, Aug. 1.—It is conservatively estimated that an army of 75,000 men will be needed to harvest the wheat crop of western Canada, and now that the harvest will soon begin in earnest, the farmers are wondering where all the men are coming from. In Saskatchewan alone it is believed that 35,000 harvest hands will be necessary, while Manitoba will need almost as many, and Alberta 3000 or 4000. Last year about 25,000 men came for the harvest, which, compared with that of this year, was a small one. The great development of Saskatchewan by farmers from the United States has resulted in a vastly increased acreage of wheat in that province—over five and a half million acres. Manitoba has a somewhat larger acreage, and in Alberta there are about 1,200,000 acres under wheat.
